COIR VISION 2020

Coir Board is organizing a mega event viz. International Coir Tech Expo from 12th to 16th August 2012 at Kochi. The Expo intends to showcase all the technologies developed for maximum utilization of the coconut husk and coir and dedicate the same to the nation.

The research wing of Coir Board has successfully developed and transferred technologies for the processing of coir in the country and abroad. The institute has bagged four national awards during last ten years and is recognized by AQIS, Australia and ASTM, USA for testing of coir materials being exported. The Expo intends to showcase all the technologies developed for maximum utilization of the coconut husk and coir. An international seminar is being organized on the second day of the Expo where eminent speakers will be presenting papers on topics relevant to coir particularly on subjects related to different topics related to processing of coir. Coir Board has been contributing towards development of sustainable eco friendly products using coir by applying the basic knowledge of chemistry, bio-chemistry and other areas of applied sciences.

Topics to be covered in the Technical Session :

1. Extraction of high quality coir fibre
2. Eco-friendly wet processing of coir fibre with zero effluent
3. Spinning devices for versatile coir yarn production
4. Weaving machinery for coir (Semi automatic/ pneumatic/fully automatic looms)
5. Product development/ diversification/softened fibre blends/ water repellant products/ coir polymer composites & binder less boards
6. Waste management and utilization
7. Supply chain for marketing coir products
