MANUAL NO. I

Particulars of the Organization, Functions and Duties (Under Clause IV (i) of the RTI Act, 2005)

Coir Board was set up by an Act of Parliament viz. the Coir Industry Act, 1953 (45 of 1953). The Act came into force w.e.f 9th February, 1954.

Mission

Our mission is to achieve self sustained development of Indian coir industry through strategic interventions, modernisation, research and development, technology upgradation, quality improvement, market promotion, human resource development, environment protection and welfare of all those who are engaged in the coir sector.

Policy

i) Coir Board – a facilitator and promoter

- * Coir Board shall play the role of a facilitator and promoter of coir industry in India.
- * Sectoral strength and expertise in key areas may be developed through greater participation of State Governments, local self-governments and progressive involvement of private sector including NGOs.

ii) Fuller utilisation of raw-material

- * Enhanced utilisation of raw-material viz. coconut husk, for production of value added goods.
- * 50% of harnessable raw-material available in the country may be exploited by 2005-06.

iii) Creation of employment and empowerment of women

- * Creation of additional employment opportunity and empowerment of women workers through Self Help Groups, and micro credit schemes, integrating with other agencies like DRDA, NGOs, etc.
- * Fuller employment and better wages to the coir workers from the existing levels.

- * Mahila Coir Yojana is proposed to be implemented vigorously. Priority will be given to women entrepreneurs of backward areas, hill areas, N.E region, SC/ST and backward classes.
- * Encourage artisan-based activities through specific venter development programmes under the Village Industries Schemes.

iv) Infrastructural support and cluster development

- * Provide infrastructural support through cluster development, consortium marketing and assured supply of quality raw-material.
- * Set up Common Facility Centres, and pollution abatement facilities availing benefits of other agencies, in addition to the Board's own programmes.
- * Traditional coir clusters like Alleppey, Quilon, Pollachi, Thanjavur, Arsikere and Rajahmundry to be developed as Export Production Clusters.
- * New clusters to be promoted for integrated development of coir industry.

v) R&D and innovative products

- * R&D will be the thrust area for product development and diversification to meet the customer preferences.
- * Technology gaps will be identified for focused project based programmes through collaborative/sponsored research in association with reputed national and international R&D organisations.
- * Greater emphasis will be given for private sector participation in research and development especially in market oriented product development and product design.
- * Develop new products by blending coir with other natural fibres.
- * Develop innovative products like wood substitutes, packaging material, roofing sheets, garden articles, etc. for applications to capitalise on the eco-friendly properties of coir.

vi) Market Development and Promotion

- * Promotional programmes will focus on market orientation and greater involvement of private sector.
- * Building up a brand image for **“Indian Coir”** in the domestic and international markets.
- * Assistance for market development and promotional support for domestic and export markets to be provided through MDA.

- * Participate in product specific fairs and exhibitions and organize buyer-seller meets both in the domestic and export markets especially in the new markets.
- * Promote non-traditional products, especially coir pith, geotextiles, garden articles and wood substitutes.
- * Build up database and market intelligence through the Coir Trade Information Centre (CTIC).
- * Sustain and enhance market share for coir through innovative promotional programmes.

vii) Entrepreneurship Development and Quality Improvement

- * Undertake entrepreneurship development and quality improvement programmes particularly in the non-traditional areas.
- * Training and capacity building programmes to be organised in a time bound manner mainly in non-traditional areas.
- * Provide financial assistance and technical assistance for setting up coir industrial units.
- * Set up a Technology Upgradation Fund for improving production infrastructure like looms.
- * Promote value added production in the non-traditional areas in the brown fibre sector for domestic and export market.
- * Set up testing facilities and promote self certification to maintain quality.
- * Introduce concept of “**Good Management Practices**” in a sustained manner. Quality camps to be organised and training manuals to be prepared.

viii) Eco-friendliness and eco-labelling

- * Project the eco-friendly biodegradable properties of coir as its USP.
- * Promote “eco-labelling” of coir products .
- * Promote application of eco-friendly process technologies in the production of coir goods.
- * Promote the use of coir geotextiles as an “ideal long term degradable” soil bioengineering product through a mission mode viz. “National Coir Geotextile Technology Mission”.

RIGHT TO INFORMATION ACT, 2005(RTI ACT, 2005)

MANUAL NO.III

The procedure followed in the decision making process, including channels of supervision and accountability

(Under Clause IV(i) (b) of the RTI Act, 2005)

All appointments, promotions and deputations are made subject to relevant rules framed by the Central Government and within the frame work of FR&SR. All promotions up to the grade of Rs.10,000-325-15,2000/- are made by the Chairman after observing usual formalities of constitution of Departmental Promotion Committee subject to observation of regulations in the concerned Bye-law. Promotions to higher grade are recommended to the Ministry for consideration. In routine matters, there is a four tier system in existence generally covering Section Officer, Branch Officer, Secretary and Chairman. However, there will be level jumping and decision at lower level based on the delegation of administrative and financial powers. The Standing Committees of the Coir Board like Research and Development Committee, Export Promotion Committee, Marketing and Publicity Committee, Brown Fibre Development Committee, Hindustan Coir Advisory Committee and Executive Committee consider the various Plan Programmes/Schemes formulated by the Board from time to time. The Standing Committees recommend the same to the Board for approval. The full Board makes the final decision on the proposal. In the case of programmes which require approval by the Ministry/other relevant committees like SFC, EFC etc. on the basis of the financial powers and other related matters, the office of the Coir Board takes up the matter with the Ministry for approval.

The decisions involving financial implications are made as per the recommendations of the finance wing of the Board which is headed by the Senior Accounts Officer. While making recommendations, the finance wing is guided by the principles contained in the Fundamental Rules and Supplementary Rules, Central Financial Rules and other orders of the Government of India from time to time. Further the decisions on expenditure are taken at appropriate levels of delegation of powers such as Secretary Coir Board, Chairman Coir Board, the Executive Committee and the Board.

The Board is following the Centralized Accounting System. The annual accounts of the Board are presented in the forms notified under Rule 18 of the Coir Industry Rules 1954. The annual accounts authenticated by the Senior Accounts Officer, Secretary and the Chairman are presented to the Board for approval before submission to the C&AG of India for scrutiny. The Audit Reports and the accounts certified by the C&AG of India are placed on the tables of Parliament on an annual basis. The transactions of the field formation are subject to
