	Page No.9 Si.No.20 Schedule of Supply - It is requested to extend the time of supply of machinery from 60days to at least 120days. Due to the prevailing pandemic, it is uncertain for any factory to work around the clock.	No change
	Kindly confirm if there is a permanent power connection?	Yes
	Page No.11 Si.No.23 Clause (d), instead of BG, you can retain the 3%	No change

	towards Performance Guarantee.	
	Page No.11 Si.No.24 - it is highly requested to release 80% of the contract value after supply of machinery.	No change
	Page No.12 Si.No.25 Clause (b) – Based on distance between Tamil Nadu/Kerala and Gujarat, it is requested to extend the time for attending the complaint from 48Hours to at least 1week.	The request may be considered on case to case basis after final selection of vendor(s) and their locations. For now, there is no change.
	Since there is no in-depth, technical specification, can the machinery be supplied as per our specification, to reach your desired output.	The specifications and designs should conform to the required production output. Efficiency, life-span, serviceability and maintainability of the machinery/plants should meet industry standard and terms of tender documents.
	It is requested to supply a semi-skilled labour to know the entire operation of the machinery.	It is not possible to entertain such request. However, an officer from the client side will be available for possible coordination and support at the site.
	Can all motors be supplied with 3phase connection.	The site has 3 phase electrical connection availability. However, the electrical specifications of motors should be as per requirement and electrical safety & energy efficiency.
	Page No.18 Package No.3 - kindly confirm, whether you are planning Loom Machinery for Geo Textile or Matting purposes.	Mat and mattings are desired products.

Note for all packages: "Any accessories, parts, components not specified/stated in the specifications but which are necessary for satisfactory operation of the machinery shall be deemed to be included in the scope of supply".
